

National Workshop on Computational Intelligence (NWCI-2016) Jaypee Institute of Information Technology, Sector-128, Noida 26th May, 2016 – 28th May, 2016

About the Program

The primary aim of the proposed workshop is to educate the participants about the fundamentals of Computational Intelligence (CI) tools by using hands-on practice on various real world applications. The workshop will be delivered with practical approaches to convey information more effectively and enable the visualization and application of computational intelligence in engineering domain.

Major Contents

The major contents of the workshop will cover the following.

- Introduction to Computational Intelligence
- Evolutionary Algorithms
- Swarm Intelligence Algorithms
- Fuzzy Logic and Applications
- Intelligent Computing in Image Analysis
- Computational Intelligence in Data Mining

Registration

The applicants are required to fill the online registration form. The details of the fee are as follows:

Industry personnel : Rs. 2500/-
Faculty : Rs. 1500/-
Students/Research Scholar : Rs. 500/-

The registration fee should be made through cash/demand draft in favour of "Jaypee Institute of Information Technology", payable at NOIDA. Participants may handover cash/DD on the day of workshop to the organizers.

Fill online registration form: <http://goo.gl/forms/nqLE06Ci1D>

- * The registration fee contains Lunch and Tea during workshop.
- * The participants have to bear their own travelling and accommodation expenses.
- * Limited accommodation will be provided on first come first serve basis to the participants, based on the availability of rooms in the institute Guest House and Hostels on payment basis.

Important Dates

Registration Deadline
15th May, 2016

Workshop
26th – 28th May, 2016

Venue

Dept. of Computer Science,
Jaypee Institute of Information
Technology,
Inside Jaypee Wish Town,
Sector-128, Noida

Target Audience

Industry personnel
Faculty members
Research scholars
M. Tech. students
